- English (fluent)
- Hindi (fluent)

EXPERIENCE

NUPAY | Software Developer Intern
Sep 2021 – Present | Grurgram, Haryana
- Working on front-end technologies like React.js and Bootstrap.
- ntegrated many APIs and made some components of the product from scratch.

PROJECTS

PERSONAL PORTFOLIO WEBSITE | Web App
June 2021
- Tech used: **Html, Css** and **Javascript**. Fully responsive portfolio website for all devices.
- Demo : **Link** | Github: **Repo**

MOVIES LISTING WEBSITE (NETFLIX) | Web App
Jul 2021
- Created a netflix type website. You can browse through many movies/tv-shows etc and also view their details page.
- Tech used: **Html, Css, ReactJs, Redux**
- Demo : **Link** | Github: **Repo**

AMAZON CLONE | Web App
Feb 2021
- Similar UI as like Amazon. Single page application. Made this app using **ReactJs, Context API, Css.**
- Deployed it on **Firebase**.
- Demo : **Link**

TYPE-MASTER | Web App
May 2021
- Made this website using: **Html, Css, ReactJs.**
- You can check your typing speed like wpm, cpm, accuracy, and last score. Used particle js npm package for attractive UI.
- Demo : **Link** | Github: **Repo**

GIPHY-POSTER | Web App
June 2021
- In this project I have used **Html, Css, ReactJs.** I have integrated **GIPHY API** into it.
- Its UI is similar to facebook post area. We can share our message with GIFs and that makes it cool.
- Demo : **Link** | Github: **Repo**

ACHIEVEMENTS
